

Product Design

TransferRite Ultra 592U is a high grade saturated paper backing with superior adhesive technology designed for use on textured substrates to protect during the laser and color fill processes.

Application

TransferRite Ultra 592U is used for laser engraving on textured surfaces.

Performance Features

- Demonstrates high tack adhesion and **adheres to textured surfaces**
- Adhesive **removes easily** and does not leave residue
- Paper tape **burns cleanly** and **prevents smoke damage**
Paper tape **protects edges** during color fill
-

Physical Properties	Values
Color	White
Nominal Thickness	4.3 mils (.11 mm)
Peel Adhesion @90°	9 oz/in (2.5 N/25mm)
Tensile Strength	21 lb/in (92 N/25mm)
Elongation	2%

All product properties are measured in accordance with Pressure Sensitive Tape Council and/or ASTM test methods. The physical properties listed above are typical values and are not to be constructed as specifications. Our suggestions and recommendations for use are based on tests we believe to be reliable. However, the purchaser must determine the suitability of the product for his intended use. American Bilrite assumes no liability for claims beyond the replacement value of our product proved to be defective.
